Truman Takes Arms Aid Plea To People

Tells VFW Meet It Is Part Of Peace

Miami, Fla., Aug. 22—(AP)—President Truman took to the people today his plea for \$1,450,000,000 to arm this country's allies against Russian aggression as "part of the price of peace."

He declared that peace with freedom and justice "cannot be bought cheaply" as he spearheaded the administration's drive to restore a \$580,405,000 cut voted by the House.

The president flew 930 miles from Washington to lay his case before the golden jubilee convention of the Veterans of Foreign Wars in gaily-decorated Dinner Key auditorium. He returned by plane to the national capital later in the day.

Calls For Approval

He called for approval of the program of military assistance to North Atlantic pact signers and other friendly nations "without delay."

"The cost of such a program is considerable," he conceded. "But it represents an investment in security that will be worth many times its cost. It is part of the price of peace."

He said most of the assistance would go to Atlantic pact countries. He mentioned the continuance of aid to Greece and Turkey, and added:

"We should help Iran maintain its firm stand against Soviet pressure. And, in the Far East, two young republics—the Philippines and Korea—need military assistance if they are to maintain their national security."

Condemns Communists
The president condemned what he described as communists' "false answer to man's demand for a better life."

Instead, he said, "it lures men by false promises back to tyranny and slavery—and more and more people all over the world are learning that fact."

Emphasizing that the arms program is aimed at aggression, Mr. Truman asserted:

"We are not aiming ourselves and our friends to start a fight with anybody. We are building our defenses so that we won't have to fight."

His almost unprecedented flight here for a 15-minute address emphasized the importance he attaches to the legislation to implement the Atlantic treaty by providing friendly nations with (1) military production aids (2) essential military equipment and (3) experts to help train and equip their forces.

He may follow up the pressure for the program, if necessary, before the American Legion national convention at Philadelphia next Monday and the Amvets convention at Des Moines, Iowa, on Labor Day. He has scheduled speeches before both groups.

Designer, Engineer Of Golden Gate Bridge Dies At 74

Everston, Ill., Aug. 22—(AP)—Charles Alton Ellis, 74, designing engineer of the Golden Gate bridge at San Francisco, died today in Evanston hospital.

Ellis, a noted educator, also designed the Montreal harbor bridge and was one of the engineers who designed a bridge at East St. Louis, Ill.

Formerly with the American Bridge company, Ellis was vice president of the Strauss Engineering Corporation from 1921 to 1932, and from 1932 to 1934 had a private practice as construction engineer. Ellis was professor and head of the division of structural engineering at Purdue university from 1934 to 1946 and had been professor emeritus since then. He also had been a lecturer in civil engineering at the Northwestern Technical Institute since 1946.

Doctor Sews Cut On His Own Head

Milwaukee, Aug. 22—(AP)—The doctor said, "Now this will hurt a little." Then he proceeded to sew up a nasty gash just above his own eye.

Dr. G. W. I. Bard, prominent Milwaukee eye specialist, cut himself on a metal blind at his home yesterday. Like you and I, he sought the best medical attention available.

Using a mirror and tiny tools and being utilized in cataract surgery, he took three neat stitches.

Demos Move To Shut Party Door On Bolters

Washington, Aug. 22—(AP)—The first official move to bar states' rights from the Truman campaign, the group will make its recommendations Wednesday in an open session of the national committee. The Truman ticket last fall will be made tomorrow.

The moves will be made at a closed session of the Democratic credentials committee, a sub-group of the national committee.

Some of the southerners who helped put Alabama, Louisiana, Mississippi and South Carolina into the state's rights anti-Truman column last November in a civil rights rebellion will try to retain their seats. There will also be a contest from Texas.

The credentials committee, headed by Frank McHale of Indiana, has nine members, but only one is from Dixie. And he is Jonathan Daniels, North Carolina editor who helped

FALLS OUT OF 8TH STORY WINDOW, LIVES

Los Angeles, Aug. 22—(AP)—A 63-year-old man plunged eight stories from a downtown building today and lived.

Max Felt told police he became dizzy and fell while looking out a window.

After crashing through a second-floor skylight into the mezzanine, he was hospitalized for shock and undetermined injuries.

New German Red Party Backs Tito Against Russians

Berlin, Aug. 22—(AP)—A German communist faction formed a new party today and quickly leaped itself with Yugoslavia's Marshal Tito "to fight the imperialist Bolsheviks" of Russia.

Its leaders said they already were collecting guns to resist arrest by Russian forces in eastern Germany if necessary.

The chief-spokesman and co-leader, 41-year-old Karl Heinz Scholz, claimed his free Communist party (FKP) has a growing membership now counted at 4,000 in the Soviet sector of Berlin and 800 in the western sectors.

Scholz said a well-organized underground operation is spying on the Russians and smuggling weapons for the party.

Scholz, a wartime anti-Nazi underground fighter who had been imprisoned four years as a Reichstag fire suspect in the 1930's, lives in the French sector behind steel doors and barred windows which make a fortress of his third-floor flat.

Soviet sector authorities have outlawed him and put a price of 10,000 east marks (about \$700) on his head. By profession he is an engineer.

Army Secretary Gets Nickname— His Boss Red Face

Washington, Aug. 22—(AP)—The newly-installed assistant secretary of the army had a new nickname today—and his boss a red face.

The nickname: Sugar.

It began when Army Secretary Gordon Gray declined a telegram the other day inviting guests to witness the sweating in of Archibald S. Alexander as assistant secretary. The middle name is Stephens.

In the background is the army's well-known code system to identify initials and spell out words, such as "A for Able, B for Baker, C for Charlie and S for Sugar."

Here is what Alexander's friends received from Gray:

"You are cordially invited to attend the sweating in of Mr. Archibald Sugar Alexander as assistant secretary of the army in my office in the Pentagon at 11 o'clock Monday morning, August 22."

ASKS ENLISTED MEN OFFICERS BE EQUAL

Camp Pendleton, Calif., Aug. 22—(AP)—The U. S. Sixth Army's Gen. Mark Clark today declared for equality of enlisted men and officers in the armed forces reserves.

"Enlisted reservists of today," he said, "will be the company level officers of the next war." He said they should share housing, mess, and training facilities with officers, and mingle socially, with civilian clothes preferred over uniform.

Polio Continues Upward In Illinois At Slackened Rate

Springfield, Ill., Aug. 22—(AP)—The Illinois polio case load continued to mount today but the attack rate appeared to be easing off in a few hard-hit areas.

The State Health department said 35 new infantile paralysis cases reported today brought the total this year to 1,260. The disease had struck 773 persons at this stage of 1949, an epidemic year.

Two of the trouble spots where the outlook seemed to be brightening were in the Centralia-Marion county and Springfield-Sangamon county districts.

Only one new polio case has come to light in the Centralia area in the last three days. It raised the total there to 104 with three deaths.

Two have turned up in Springfield in five days—both last Friday, leaving the number of cases at 51 and deaths at 10.

Narcotics Roundup Starts As Police Hear 3 Teen-Agers

Milwaukee, Aug. 22—(AP)—A narcotics roundup sparked by statements of three teen-age boys was revealed today by the Milwaukee police department.

Two negroes already are in custody on narcotics charges. A third man, James Method, a night club entertainer, was named today in a warrant charging contributing to the delinquency of a 15-year-old boy.

Police Sgt. Harry Kuszewski said the boy told officers Method had given him heroin by injection.

James H. Clark, 22, named by two boys as the man who sold them marijuana cigarettes, has been bound over for trial on a charge of possession and sale of narcotics.

John E. Holston Jr., 22, Racine, Wis., also faces trial on a possession charge after he surrendered a marijuana cigarette he said he bought in Racine for 50 cents.

Rent Decontrol Is Being Considered In Midwest Cities

Chicago, Aug. 22—(AP)—Decontrol of rents in a number of midwest cities is being considered Regional Housing Expediter Oscar G. Abern said today.

In addition Abern said he planned to recommend closing of 11 local rent control offices although rent control would be continued in those cities.

The moves are necessary, he said, because of a drastic cut in the appropriation for rent control administration.

Abern talked to reporters upon his return from Washington where he discussed retrenchment necessities with Housing Expediter Tamm E. Wood.

The areas where decontrol may be recommended to the Washington office of the housing expediter, Abern said, are those where available rental housing most nearly approximates present needs.

He said that situations in these cities would be kept under observation and re-control imposed if necessary.

Charge Rockford Man With Shotgun Murder Of Woman

Grand Rapids, Mich., Aug. 22—(AP)—The county prosecutor's office issued a warrant today charging a Rockford, Ill., man with first degree murder in the shotgun slaying of a woman.

Mrs. Rose Prince, 42, was killed last night by a shotgun blast through a window of her daughter's home here. A state-wide alarm was sent out for the arrest of Leonard Miller, 42, of Rockford, Ill. Officers said Miller, a weaver, had planned to marry Mrs. Prince but they had quarreled recently.

Assistant Prosecutor Henry J. Milnowski announced that Miller had been charged with murder.

Mrs. Prince was standing near a window in the one-story home of her daughter, Mrs. Edward Shuja, at 10:30 p.m. Sunday when she was felled by a shotgun charge fired from a distance of about eight feet.

Neighbors reported they saw a man running away from the house after the shooting.

Elevator Weight Crushes Painter

Chicago, Aug. 22—(AP)—A painter was killed today when an elevator counter-weight struck him as he was painting inside the shaft.

The victim was Jack Reid, 33. His skull was crushed by the descending weight.

Detective William Dubois quoted the elevator operator, Leo Delano, 22, as saying he did not know Reid was working in the shaft.

The accident occurred at the Harry Fleishman shoe company factory at 1941 West Adams street.

Struggle Between Russia, Yugo Appears Near War

Angry Round Table Discussion Leaves Aid To Education Tied Up

Washington, Aug. 22—(AP)—The hot aid-to-education issue threw the House labor committee's "Round Table" conference into an angry uproar today.

One member set out to try to force a vote on the legislation Wednesday. Otherwise nothing came of the meeting called by Chairman Lesinski (D-Mich.).

Lesinski said his idea in calling the conference of education, labor, services and textbooks. The senate passed a bill for \$300,000,000 a year letting the states decide whether to use it for public schools or for private and parochial schools.

But in the House a labor subcommittee voted for a bill by Rep. Barnden (D-NC) which limits federal aid to public schools only. The full House committee members.

Rep. Sims (D-SC) said he had 12 signed up on a petition to force a vote on the aid to education bill. Other school aid bills also are pending in the committee—but there was doubt that

Diplomats Wonder What Coming Next

Belgrade, Yugoslavia, Aug. 22—(AP)—The hardboiled struggle between Yugoslavia and Russia appeared today to be reaching beyond the name calling stage to a threat of war.

Coming to the fore is the dynamite laden question: What would the United States do if Josef Stalin sent the Soviet army to overthrow Yugoslavia's independent Communist, Marshal Tito?

No one knows for sure—outside the Kremlin—what is coming next. But the effort which began 14 months ago to unseat Tito when the Cominform read him out of the party developed long ago into frequent shooings along the satellite borders.

The situation has the diplomatic corps here wondering and worrying.

Embassy Jitters
As an example of the jitters, one embassy thought it had a sound inside tip on an "invasion" date recently and hustled its staff off to northern Yugoslavia.

Other diplomatic missions are studying a flood of rumors—most of them from untrustworthy sources—about troop movements beyond the Yugoslav borders.

Such rumors are not unusual in the Balkans. But they are not set at rest by the threat voiced in a note from Moscow Saturday night to take "more effective measures" against Tito for protection of Soviet citizens who allegedly are being mistreated here.

British newspapers Monday said the Russian note sounded like the worst threat of war since 1939.

British Says It Just Scare
(British officials in London said they believed the Russian threat was only part of a war of nerves, however, and ruled out the likelihood of a shooting war.)

(In Bucharest, Mrs. Anna Pauker, Romanian foreign minister, wrote in a newspaper article that "the time is not far off when this gang (the Tito government) will have to give an account for its crimes to the people of Yugoslavia.")

(Prague dispatches said Czech communists have been openly urging the Yugoslav people to revolt and promised at least moral support to a revolution.)

There are several factors involved in the reasoning of some diplomatic observers that if Russia decides on a policy of active intervention in Yugoslavia she must move soon, or not at all.

May Get Loan
First of all is the possibility of a big loan from the world bank which would bolster Tito's position at home and credit abroad and counteract the almost complete economic boycott set up by the cominform countries.

A special commission of the bank arrived last week to investigate the possibility of a loan of about \$280,000,000 which Yugoslavia is asking. Already the United States has granted permission for Yugoslavia to import American materials for a new \$2,000,000 steel mill.

The actual dollars—and the stuff they would buy—would not become available for almost six months.

This estimate sets a tentative date before which Russia might be expected to start trouble—internal or external—in the opinion of some diplomatic observers.

Two Electrocuted As Crane Contacts High Tension Wire

Red Bud, Ill., Aug. 22—(AP)—Two men were electrocuted in a freak accident on a highway project near here today.

The victims were Oliver Nagel and Adrian M. Bertram, both 26 of Waterloo.

The men were working on Illinois route 149 which is being widened from Belleville to Red Bud. They were assisting in the removal of metal concrete forms when the crane which was being used to lift the forms onto a truck came in contact with a power line overhead.

Current from the line coursed through the crane and through the bodies of both men. They were dead upon arrival at a Red Bud hospital.

Coroner L. C. Walker of Randolph county said death was due to electrocution.

WEATHER

The Norbury Sanatorium, cooperative observer for the U. S. Weather Bureau, yesterday reported the temperatures for Monday as follows: High, 83; low, 50; and at 6 p.m. 77.

Forecast for Illinois—Mostly fair today. Little change in temperature. High 83 to 87.

PRISONER ESCAPES WHILE PAINTING FENCE

Chicago, Aug. 22—(AP)—A house of correction prisoner escaped today while painting a picket fence at the institution.

He is Paul Gris, 27, of Chicago. Who was serving a 30-day sentence for petty larceny.

Superintendent Frank G. Sain reported that while a guard had his back turned Gris walked into a lot where unclaimed automobiles are stored and disappeared.

Gris was sentenced Aug. 15 from the felony court.

Convicted Lonely Hearts Murderers Condemned To Die

New York, Aug. 22—(AP)—Two convicted lonely hearts killers stood mute today as they were condemned to die in Sing Sing prison's electric chair during the week beginning Oct. 10.

Mrs. Martha Beck, 29, and Raymond Fernandez, 31, were called as Supreme Court Justice Ferdinand Pecora, read the sentence.

Mrs. Beck attempted a smile, but it developed into more of a sneer. Fernandez smiled to his 200-pound sweetheart as he walked away from the bench and said something which court attaches said was so low that even she did not hear.

Fernandez was called to the bar first and asked whether he had anything to say before sentence was imposed. He answered "No, sir" in a low voice. When her turn came, Mrs. Beck answered loudly, "Nothing."

Sing Sing custom provides for executions before midnight on Thursday of the week designated. However, state law provides for a mandatory review of all death sentences by the court of appeals, the state's highest court. This statute automatically stays execution until the court can act. There was no way to determine when this will be.

Sen. Hoey Wants Law To Regulate 'Five Percenters'

Washington, Aug. 22—(AP)—Chairman Hoey (D-N.C.) of the senate investigations subcommittee said today he wants a law to regulate "five percenters."

Hoey made the announcement in a hearing before the subcommittee set up this schedule of witnesses: Tomorrow—Maj. Gen. Herman Feldman, suspended quartermaster general who once had charge of buying food for all the armed services.

At the time of Feldman's suspension, secretary of army Gray said that Feldman had "furnished to a contractor's representative information under circumstances which appear irregular."

The committee said it plans to read into the record a letter which Feldman reportedly wrote James V. Hunt, Washington management counselor, giving details on a quartermaster crops buying plan.

Also up for consideration, the committee said, is a reported deal in which the quartermaster crops bought back a supply of DDT bombs that one of Hunt's clients didn't want.

Wednesday, or later, Maj. Gen. Harry Vaughan, President's army aide, Vaughan's name was popped up at every hearing.

Breadon's Widow Demands Third Of Estate Immediately

St. Louis, Aug. 22—(AP)—The widow of the late Sam Breadon, former owner of the St. Louis Cardinals, demanded his estate valued at more than \$2,200,000.

The will provided that the widow receive two-thirds share of the estate's income for life. The other third was to be divided equally by Breadon's two daughters.

Court attaches said ratification of the will would effect a saving in federal taxes of about \$200,000. The widow's action does not require ratification of probate court.

Breadon died last May 10.

Jerseyville Will Wage Campaign Against Jaywalker

Jerseyville—The drive of city police against traffic violators in Jerseyville the past week is to be extended to include pedestrians who violate the regulations regarding the crossing of streets in the business district of the city.

Mayor Earl Woolsey reported Saturday that there have been numerous violations of traffic regulations on the part of pedestrians particularly at the State and Pearl street intersections. At this point there is a stop and go light system, but numerous pedestrians rush across the street at times when they do not have the right of way. Many local motorists have complained about the pedestrian menace.

Mayor Woolsey stated that adequate notice of the enforcement of the pedestrian requirements will be given and that this phase of the traffic situation will also be enforced.

Betty Lou Wright, Formerly Of City, Wed In California

In a candlelight ceremony, which took place at the First Christian church in North Hollywood on July 30, Miss Betty Lou Wright, daughter of Mrs. Stanley Wright and the late Stanley Henry Wright, formerly of Jacksonville, became the bride of Jack Ogg, son of Mr. and Mrs. E. R. Perkins of North Hollywood.

MRS. JACK OGG

The bride, given in marriage by Allen Stewart of Los Angeles, was attired in a gown of ivory satin, made shirazi. A halo of French lace held in place her full length veil. Her bouquet was a cascade arrangement of gardenias and orchids.

The matron of honor, Mrs. Raymond Taylor, wore a gown of pale yellow and carried peach carnations. Robert Shocair was the best man.

Following the ceremony, a reception was given in the patio and gardens at the home of the bridegroom's parents.

Mrs. Ogg was graduated from North Hollywood High school. Mr. Ogg, a graduate of Fairfax High school, attended U.C.L.A.

Old Cistern Once Used For Fire Protection

Another cistern, which many years ago furnished water to combat fires in the business district, was unearthed by workers of the Sangan Construction company on South Sandy street while they were preparing the street for a new concrete pavement.

The cistern is located about 30 feet south of the southwest corner of the public square.

The opening is 14 feet wide and 12 feet deep and was found to be perfectly dry.

The opening into the cistern was covered with a concrete cover. It was discovered after the concrete foundation had been removed.

Kenneth Stapleton, consulting engineer on the new project, said the opening would be filled before the new pavement is laid.

A similar cistern was found on North Main street near Douglas avenue when the North Main street pavement was laid.

According to old citizens the cisterns were placed at various points in the business district for use of the Jacksonville Fire Department before the present modern water system was installed.

The firemen would drop a suction hose into the cistern and pump the water for fighting fires. The cisterns have not been used for many years and many had forgotten that they existed.

Mr. Stapleton said that other cisterns would probably be found during the present operations.

\$15,000 Sought For Man's Death Near Alexander

Damages of \$15,000 for the death of Harold LeRoy Young in an automobile and truck collision are sought by Ora Mae Young, administrator of his estate, in a suit filed here against Freightways, Inc.

The administrator set forth that Harold LeRoy Young was driving west on U. S. 36 near Alexander on Aug. 22, 1948, when his car collided with the rear of a truck. According to the complaint, the truck was parked on the pavement without a display of lights as provided by law.

Young was killed almost instantly as a result of the crash.

The administrator is represented by Curran and Friedman, attorneys of Springfield.

MARRIED AT GREENFIELD

MR. AND MRS. FARRELL McDONALD

FATHER HELD IN DELINQUENCY CASE

An information was filed Monday in county court charging Leo Gallamore with contributing to the delinquency of his 12 year old daughter. Gallamore stoutly denied the charge when placed under arrest by police Sunday at his apartment in the 800 block on West State street. The defendant's bond was fixed at \$1,000, pending a hearing in county court.

Esta Mae Erickson Weds Farrell McDonald

Couple Exchange Vows In Church Service Sunday

The wedding vows of Miss Esta Mae Erickson of Greenfield and Farrell K. McDonald of Jacksonville were received at 9 o'clock Sunday night by Dr. Don P. Hawkins. The double-ring ceremony was held in Greenfield First Baptist church, which was beautifully decorated for the occasion.

Miss Erickson, daughter of Mr. and Mrs. Lester Erickson of Greenfield, was attended by Mrs. Ray Crum of Jacksonville, matron of honor and Miss Maxine Schultz of Humboldt, Kan., and Miss Barbara Thiebaud of Greenfield, bridesmaids. The bride wore a gown of white slipper satin, entrain. Its fitted, off-shoulder bodice was trimmed at the neck with orange blossoms and the long sleeves ended in points over the hands. Her lace-edged fingertip veil was held by a tiara of orange blossoms. She carried a cascade bouquet of white chrysanthemums.

Attendants Wear Pastels
Her three attendants wore similar-patterned gowns of taffeta and carried bouquets of gladioli. Mrs. Crum wore orchid, Miss Schultz, green, and Miss Thiebaud, yellow.

Six year old Dixie Kay Erickson, sister of the bride, was the flower girl. She wore white satin, trimmed with white bows in colors harmonizing with those of the bridal party.

The bride's mother wore navy, with a corsage of white roses. Mrs. Kathryn Grady, mother of the bridegroom, wore gray and a corsage of white roses.

Mr. McDonald was attended by Lloyd Erickson, the best man and a brother of the bride, Paul Riley and Loyal Brannan, ushers. All three are from Greenfield.

Proceeding the ceremony, Miss Helen Tesler of Greenfield gave a piano recital. She also played the wedding marches and accompanied Miss Joyce Muehlhausen of Jacksonville when she sang "Always" and "Because."

Lawn Reception
A reception for friends was held on the lawn of the church parsonage after the ceremony. A three-tiered wedding cake was served from a beautifully appointed table. Those presiding at the table were Mrs. R. P. Greer, Mrs. D. P. Hawkins and Miss Ruth Greer.

The couple left for a month-long wedding trip through the northern states and Canada. Mrs. McDonald's going-away dress was of teal blue, with white accessories. She wore a corsage of white roses.

The bride is a graduate of Greenfield high school and attended Hardin Brown Business college.

The bridegroom is the son of Charles McDonald and Mrs. Kathryn Grady, both of Jacksonville. He has been a Jacksonville businessman since his return from foreign service with the U. S. Marines.

The couple will make their home in Jacksonville.

Local Vocational Teacher Attends State Work Shop

H. G. Servoss, machine shop instructor of Jacksonville high school, is attending the third annual Vocational Work Shop conducted on the campus of the University of Illinois from August 15th to 27th. Approximately 140 vocational shop teachers from fifty high schools of Illinois are attending this conference called by the State Department for Vocational Education.

The Work Shop is conducted for a period of two weeks covering the following trades: auto mechanics, building trades, drafting, electricity, and machine shop.

Each trade group is endeavoring to upgrade and unify its course of study throughout the State. New materials and methods are studied through committee work, laboratory research, and manufacturers demonstrations. During the two weeks period several trips will be made to experimental and developmental projects.

Peggy Kirk's 73 Is Record Breaker In Women's Golf

Chicago, Aug. 22 — (AP) — Peggy Kirk, a personable 27-year-old tournament campaigner from Findlay, Ohio, breezed around the Westernland Country club course in a record breaking 73 today to win medalist honors in the Women's Western Amateur Golf qualifying meet.

Competing in her seventh western amateur meet, Miss Kirk proved she was ready for the first time to enter a strong bid for the crown.

Birdies on the 8th and 9th holes with 15 and 12 foot putts gave her a par 36 on the front nine. Three birdies and a great eagle 3 on the 10-yard 16th with a six foot putt helped her fashion a 35 coming in. The standard for the 5,569-yard course is 38-35-76.

Playing the best golf of her career this season, raven-haired Miss Kirk became a definite pre-tourney favorite for the 49th annual western title by winning the north-south championship and the Augusta titleholders diadem in Augusta this spring. She also is Ohio State Women's champion.

The western amateur, however, has qualified for the last seven, the highest she reached was the semifinals in 1943.

Fitzpatrick Beats Harlem Queens In 3-1 Contest

The Harlem Queens proved to be no match for the Fitzpatrick Girls' team of Jacksonville in a 3-1 contest today at the Northside park.

The Queens made their only run in the third frame off of two singles. After this scoring, the Harlem girls could not get a runner past second base and only got two that far.

The Fitzpatrick nine tallied all three runs in the first inning. Schneider led off with a single and stole second. J. Hubbert then walked and an error by the Queens scored Schneider and left two men on base with two out.

Leonard then singled to bring two more runs. Hereafter, the Fitzpatrick team was held to one hit, but threatened in the second frame on an error, a batter hit by a pitched ball, and a hit by Hubbert.

All in all it was a pitcher's duel with Mahon of Jacksonville winning over Reese of the Queens.

In the first game, the Queens seemed to have the edge on the Myers crew all the way. Although, the Myersmen hit fairly well, they could not put enough of them together until the ninth inning when they scored four runs on 2 hits, an error, and a man hit by a pitched ball.

Joe Hiestand Is Star As Golden Trapshoot Opens

Vandalia, O., Aug. 22 — (AP) — Joe Hiestand, 42-year-old Hillsboro, O. farmer who has won more trapshooting championships than any man in history, stole the show again today as the Golden Grand American opened.

The Buckeye hotshot, who has dominated trapshooting for 20 years, broke 200 straight today to tie for the introductory 300-target title at 16 yards. He cracked another hundred straight in the champion-of-champions race for state title 50 yards, and then powdered another 50 in a shootoff to win that event.

It was the third time in the last eight years he had shot down the other state champions in the featured event here.

In the 200-target event, Hiestand tied with Herb Dush of Canton, Ill., and Ralph Kohler of Tekamah, Neb. The title will be decided in tomorrow's 200-target 16-yard race for the North American clay target championship. Charles R. Mason of Dallas, Tex., topped the professionals with 200 straight while 14 amateurs were close behind with scores of 189.

Giants Sell Slugger, Johnny Mize, To Yanks

New York, Aug. 22 — (AP) — In a surprise deal, Johnny Mize, slugger, has been traded to the New York Yankees and the New York Giants have a chance for his first World Series dough.

Mize, who has never played on a pennant winner during his National League career, was sold to the American league leaders for an undisclosed amount after a conference among officials of both clubs. He was waived out of the National League.

Giants secretary Eddie Brannick announced the transaction. The deal was completed at a meeting of Dan Topping and Del Webb, co-owners of the Yanks, and Horace Stoneham, owner of the Giants.

Mize was scheduled to leave town immediately and join the Yanks in Detroit tomorrow for the opening game of a two game series.

The 36-year-old veteran, who has belted 315 homers in his major league career, has been rumored on the way out ever since Lou Durocher, manager of the Giants, said Mize's slowness at foot displeased Durocher. The Brooklyn Dodgers reportedly considered the purchase of Mize during spring training. The Giants were believed to have asked the Dodgers for \$200,000.

The Giants had a deal set where Mize would move to Detroit but they couldn't get the big cut waived out of the National League then.

Despite his 18 homers, 263 batting average and 62 runs batted in, Mize has been benched frequently this season. Rookie Joe Lafata and Bert Haas has been filling in for the Georgian.

J. H. S. Gridders Get Equipment Tuesday

One of the first signs of the approaching football season will be in evidence Tuesday afternoon when Jacksonville High school players will be issued equipment at the athletic field house.

Trout Shines As Tigers Take 7-4 Contest From Reds

Cincinnati Aug. 22 — (AP) — Dizzy Trout was the big man on the mound and at bat tonight as the Detroit Tigers took a 7 to 4 exhibition game from the Cincinnati Reds.

The game was the last of a home-and-home series between the two clubs played for the benefit of amateur baseball in Detroit and Cincinnati. Cincinnati won the game played at Detroit.

The veteran Trout went the full nine innings on the mound for the Tigers. He was off to a shaky start but held the Reds to a single run after the third inning. In the meantime, he cracked out a double and two singles in three official times at bat and drove in two runs.

The Tigers trailed through the first five frames but Rookie Frank Fanovich's wildness eventually got him into trouble. Vic Wertz homered, Fanovich then walked George Kell and Eddie Lake and after they had executed a double steal Trout brought them both home with a single. The Tigers never were behind after that.

Founded in 1791, the Massachusetts Historical Society is the oldest such society in the United States.

BADEN BADEN LOSES FRENCH ATMOSPHERE

Baden-Baden, Germany — (AP) — Germany's "little Paris" is beginning to lose a bit of its French atmosphere and revert to the German resort center it used to be. Baden-Baden has been called "little Paris" ever since the war because it is the headquarters city of the French occupation forces and military government. Its French population (about 40,000) is larger than the number of German inhabitants (30,000).

Recently the number of French has begun to decline. The French Military Government is reducing its staff, apparently in anticipation of the new German republic. German city officials view this trend with mixed feelings. They are happy to get back and they look forward to when Baden-Baden can once again resume its place as the gay spa where the elite from many countries spent their holidays. But until holiday trade can be restored, there is likely to be much unemployment here, city officials fear. Three hundred Germans formerly employed by the French have already been released, with few new jobs opening up for them.

Utah once was known as the state of Deserts. Taken from the "Book of Mormon," the name means "land of the honey bee."

Steps to the Moon

By Adelaide Humphries

© by Hulton-Card, Inc. Distributed by NEA SERVICE, INC.

THE STORY: Gaynel Toole's mother Emily, her brother Denny and younger sister Fritz all expect her to marry Barry Goinbridge, a young millionaire. But Gaynel has suddenly discovered that she is fond of Fritz Freyman, a young newspaperman. Gaynel is torn between her family's once well-to-do but now reduced to moderate circumstances. Her brother cannot hold a job and Fritz has no money to work. Barry has proposed, but Gaynel has not yet given him her answer. Fritz has not lost sight of marriage, but there is one lingering kiss that she remembers.

Barry said, "You know better than that. We haven't had much time alone."

"It was dear of you, Barry, to bring the whole menagerie along."

He denied the "dearness," saying it had been his pleasure, since Emily had wanted her friends.

"You know," she said, "this has been better than any fight to the moon. Barry, it's been almost like being on the moon; the rest of the world seems so far away, as though it no longer existed."

Barry said, "I'd take you to the moon, if you'd let me—you know that."

SHE said, "You're a darling," and tossed him a smile. But she kept the subject bound to safer ground; she had not made up her mind about Barry, yet. "I wish Denny would have come," the little line that mention of Denny often brought came between her brows. "There wasn't any reason why he shouldn't. He doesn't start with that new firm—thanks to you, Barry, per usual—until fall. I'm afraid the reason was his latest heart-throb. And Barry, I'm worried about this one."

He said, "I thought you told me you'd left your letters behind. There's no use worrying about Denny; he changes his current love interest even more often than his jobs. Now I," he leaned over to smile into her eyes, "keep the same one all the time."

"You're an old spoofer," Gaynel said. Was he going to be sentimental? "I'm really worried about Denny's new love, though, Barry. Denny wouldn't leave town in this awful heat—and this current interest has lasted longer than ever before. She's a divorcee, two times removed. That should give her an experienced technique. Denny's such a glib little idiot."

"Denny's nobody's fool. If there's anything I could do..."

"I thought you might look her up and see if she's as bad as she

sounds. I don't mean 'bad,' really. Heaven knows, I'm no prude. The woman may have had a mean deal. I wouldn't ask if I didn't think it looked pretty serious. And at that I hate it. It seems I'm always asking you to do things and never doing anything for you."

HE said seriously, "You couldn't ask enough. You know I'd move mountains, or the whole earth, for you, if I could. As for what you can do for me—there's only one thing, Gaynel."

"I know," she said, her eyes meeting his in a brief second, then looking away. "I'm still hoping, Barry darling, the answer will be the one you want. But I have to be sure."

"Tell me, Gay—is there anyone else?"

"N-no," Gaynel shook her head, with only a fraction's hesitancy. There wasn't, was there? She thought she was giving Barry the truth. There wasn't anyone else, unless she counted Fritz. Certainly he had never let her think he had marriage in mind. As a matter of fact, he had told her quite pointedly, and more than once, that he had no such intention. There had been that one night, of course, at The Goat's Nest, when he had kissed her. But even that night he had told her he hadn't the tenacity or funds required.

Barry's face was much less tense. "Even if there ever should be, or if you can't make up your mind to take me for any reason except the size of my bank account, I'll risk that. I told you I'd want you, anyway."

She said, "I'll always remember that. You couldn't have said anything nicer, Barry. But please remember the bank account was only one among many items. I promise not to keep you waiting forever; we'd both be too feeble to enjoy that moon by then. I promise to let you know as soon as I can."

"I couldn't ask for anything more," he seemed satisfied. He could afford to wait. He had so much to give her. She had not hurt him this time.

(To Be Continued)

"That's the trouble with television—how'm I going to know what's going on when I'm out plowing?"

Cass Grand Jury Asked To Investigate Traffic Death Of Virginia Girl

A coroner's jury last night investigated the highway accident death of nine year old Patsy Lou Cave, of Virginia. The verdict found that she died early Saturday from injuries received when struck late Friday afternoon by an automobile driven by Glenn Storts of Beardstown. The verdict directed that "this case be further investigated by the grand jury."

Contend Details In Hog Raising Pay Big Rewards

Urbana—Attention to details is the biggest reason why some hog farms earned \$2,000 more than others during 1948.

F. J. Reiss, farm management specialist in the Illinois College of Agriculture, said today that 128 high-income hog farms averaged \$10,200 earnings from swine last year, while 161 less efficient hog farms took in only \$8,000.

The 24th annual report of the Farm Bureau Farm Management Service also shows that the high-income farms earned \$16 for each 5100 worth of feed fed, compared with only \$11 for the low-income group.

There were some other differences, too. The high-income hog farms spent \$1,600 less in total feed, farrowed one more litter during the year, weaned one more pig per litter, and produced 6,000 more pounds of total pork. The superior hog farms also had slightly lower death losses, sold their hogs for \$1 more per hundredweight, and spent one-third less for feed for each 100 pounds of pork produced.

Farmers visit both high and low-income hog farms, and here are some of the details they find that account for higher earnings: The more successful hog raisers take extra care at farrowing time to save every possible pig. They give careful attention to sanitation and vaccination, and they choose farrowing dates so that they can fatten their pigs for a seasonally high market.

They keep their hogs comfortable in both summer and winter for fast gains, they control internal parasites, they feed balanced rations, and they provide plenty of fresh water and shade in good legume pasture to cut feed costs.

These are some of the details that made that \$2,000 difference.

City Applies To State For Motor Fuel Funds To Pay Paving Share

A resolution requesting the use of \$206,205.29 in motor fuel taxes in part payment for construction of loop street improvements was passed by the city council last night, and will be forwarded to the highway division of the Illinois Department of Public Works and Buildings at Springfield.

The motion to adopt the resolution was made by Alderman Honeline, seconded by Alderman Kelly.

Kenneth Stapleton, consulting engineer on the loop project, explained that the resolution is a formal request for motor fuel tax funds, which will be followed by a visit by auditors from the state department, who will work out a system of payments with the city.

The amount the council requested from motor fuel tax funds represents about 70 per cent of the loop improvement, consisting of new pavements, curbs and storm sewer, which is now under construction. The remaining 30 per cent will be met by special property assessments.

Alderman Kelly brought to attention complaints of business men in the loop district who say that all the cars in the rear of their establishments have been blocked frequently by parked cars. Merchants reported that merchandise trucks have difficulty in reaching unloading docks.

Mayor Hoagland said the police department will be instructed to keep the alleys clear of parked cars.

A petition from Florence A. Cowgaur and Ralph C. Cowgaur for an amendment to the zoning ordinance was read by City Clerk Phillips. Mr. and Mrs. Cowgaur seek to have lot in Tilton & Cassell addition changed from Class A residential use to Local Business use, for the purpose of erecting a new grocery store building. The property is located on the west side of North Main street between Independence avenue and Dunlap street. On motion of Alderman Reid, seconded by Alderman Flynn, the petition was referred to the ordinance committee.

Reads Communication

The clerk read a communication from Principal John Agger of Jacksonville high school, asking the approval of a two inch water main the school proposes to lay on the east side of Finley street near Elm street. The water main would serve houses which the building trades class of the high school will erect on an eight lot tract during the next few years.

The request was referred to the water committee and city attorneys on motion of Alderman Chumley, seconded by Alderman Brunne.

Alderman Kelly presented the renewal of the lease of pasture land to Frank Hembrough, Jr. for a year and one-half period, at a fee of \$150. The land is located near Lake Jacksonville. The renewal of the lease was approved on motion of Alderman Baker, seconded by Alderman Kelly.

July Retail Sales Near June Level

Washington, Aug. 22—(AP)—Retail sales in July held within one per cent of June for the nation as a whole. Taking into account seasonal factors, the commerce department reported today.

The retail turnover in July was estimated by the department at \$10,245,000,000—off about \$482,000,000. That was 3.5 per cent below July, 1948, the department figured, retail prices were some 2.2 per cent higher.

Nevertheless, July sales were 226 per cent above the average for pre-war 1925-36, by the measure of the department's seasonally adjusted index.

Prices, incidentally, were figured as only around 28 per cent higher than 1925-29.
